3. **Background:**

Construction of Pig Housing was started on 20.2.2021 at Hmarveng, Suangkuang road, formerly it was oil palm cultivated area. Land was cleared for pig sty construction and earth work was done through convergence under MNREGA, since the area was quite big i.e. width 50 ft, length 65 ft.

Pig sty was designed and constructed bigger and wider than the plan made by the FOCUS Operational guidelines. Since the project planning was big, the owner Mr. Kapthanga (Vala) borrowed some more loan from SBI Mamit Branch for procurement of Materials for Pig Sty construction, sum amount of Rs. 51167/- was released for 1<sup>st</sup> Instalment for pig breeding unit on 11. 2.2021.

**Pic: Progressive Farmer Visited by Focus on 4.3.2021**

The length of the Pig sty was 40 ft whereas the width was 25 ft. Construction was done in all possible way with the funds received. Sum amount of 51,167.00 was again released after the utilization certificate (UC) submitted by the beneficiaries for 2<sup>nd</sup> instalment on 8.6.2021.
