

SUCCESS STORY OF FARMER ON WATER STORAGE & DELIVERY SYSTEM AT CHHIAHTLANG VILLAGE, SERCHHIP DISTRICT

PROFILE

Name of the activity: Water Storage & Delivery System

Name of Farmer: Lalngaihthangi

Village: Chhiahtlang

Name of FIG: Phawngpui 1 WRC/TRC FIG

District: Serchhip

INTRODUCTION: Mrs. Lalngaihthangi d/o Darkunga is a resident of Chhiahtlang village who is a member of Phawngpui 1 WRC/TRC FIG in 2019. Her paddy field is the main source of income which is located at mawngping zau, 10 km away from his village. She mainly grow rice, peas, mustard etc. The main problem is shortage of water as there is no proper irrigation channel which affect crop production.

FOCUS INTERVENTION: Upon hearing her problem, FOCUS project constructed 150 metre of irrigation channel under Irrigation Support during 2021. Now she is having sufficient water for her paddy field which increases rice production and other crops. Her annual income increases from Rs.50,000 to Rs.90,000. All her produces are sold in the market as well as for family consumption. She is very grateful to FOCUS project.
