

SUCCESS STORY ON LANDLESS TANKY AT LUNGKAWLH VILLAGE, SERCHHIP DISTRICT

NAME OF VILLAGE: LUNGKAWLH

NAME OF ACTIVITY: WATER HARVESTING STRUCTURE AND DELIVERY SYSTEM

NAME OF LANDLESS FIG: ZOBAWM LANDLESS FIG

YEAR OF IMPLEMENTATION: 2021-22

INTRODUCTION: Zobawm landless FIG of Lungkawlh village constructed bench terrace at “Thiarpui zau”(near Burma border) land allocated by Lungkawlh Village council, in this area twenty (20) family started farming. But water scarcity is the main problem faced by them.

FOCUS INTERVENTION: In 2021, DMU-FCOUS Serchhip, selected Zobawm Landless FIG for construction of water storage structure-tanky. Construction of water tanky is done through community procurement, all the members of FIG involved in this work. After construction was completed, for water delivery system in their land ten (10) rolls of water pipe was handed to the FIG.

Therefore, their major problem was solved and could increase their cropping area. All the members are very grateful to FOCUS.
