NAME OF ACTIVITY: SUPPORT FOR WETLAND AGRICULTURE (BIAL FIN)

NAME OF BENEFICIARY: Mr. Lalchhuanliana

NAME OF FIG: Varhva zau WRC/TRC FIG

YEAR OF IMPLEMENTATION: 2021-22

INTRODUCTION: Mr. Lalchhuanliana is a marginal farmer in Mualcheng village, Serchhip district. He is a member of Varhva zauWRC/TRC FIG and owning a small area of rice field near varva river. In his land tractor cannot be operated due to limited space for the machine, resulting in low income for his family as they need machinery due to lack of man power.

FOCUS INTERVENTION: With the help of excavator FOCUS Serchhip district increases his production area, enough space for operating tractor and other farm machineries. He can now operate machines in his land which increases his rice production. He has earned enough income to meet their needs thus leaving jhum rice cultivation and mainly focused on wetland rice cultivation. He is grateful to FOCUS project.
